

Wir gestalten Zukunft. Gemeinsam.

Laboratory technician (career changer) (m/f/d) 100%

- ✓ **Employment type: Temporary via nemensis ag, 100%**
- ✓ **Duration: 01.06.2024 - 31.05.2025 with possible extension**
- ✓ **Salary: CHF 70 K annually**
- ✓ **6/4 rotation, alternating between 2 days of early shift, 2 days of day shift, and 2 days of late shift, followed by 4 days off**

Do you have an interest in an exciting new challenge in the lab that will enhance your knowledge and skills in aseptic technique and cell culture, while also making a significant contribution to leukemia research and treatment? We offer you the opportunity as a career changer to gather expertise in the highly pure environment of a cleanroom while making a valuable contribution to the development of life-saving therapies for leukemia patients. Sound interesting? Then keep reading:

Responsibilities

- ✓ Monitoring the processing of assigned patient starting materials in a cleanroom environment
- ✓ Processing cell material (including collection and washing) using automated devices such as CS5 and Sepax
- ✓ Checking intermediate process stages using devices like Wave Bioreactor and NC-200, as well as monitoring the process environment
- ✓ Maintaining and preparing equipment/environment for use
- ✓ Proficiency in production-specific IT systems (SAP, LIMS, MES)
- ✓ Documenting all steps in the assigned batch record according to GMP requirements
- ✓ Performing all necessary processing/verification steps for the assigned batch with the highest skill in aseptic technique

Requirements

- ✓ Completed vocational training is mandatory
- ✓ Teamwork, reliability, and flexibility
- ✓ English proficiency level B1-B2 is mandatory
- ✓ Mental resilience
- ✓ Willingness to work in a 6/4 shift pattern (2x early, 2x day, 2x late)
- ✓ Willingness to work for several hours (without a break) in protective clothing (ISO 5, 7, and ISO 8)
- ✓ Required vaccination (Hepatitis A and B) due to safety precautions for the protection of patients and personal well-being (costs covered)
- ✓ Experience or education in the medical field, laboratories, or other research facilities is advantageous

Advantages at nemensis

- ✓ Comprehensive advice and support throughout the application process from our consultants
- ✓ Efficient and uncomplicated support during the assignment by our HR department
- ✓ Access to a large customer network and exciting positions in Northwestern Switzerland
- ✓ Promotion and support for further education with Temptraining
- ✓ Quick and uncomplicated entry through individual guidance and advice during the application process

Does this sound like you? Well then, I look forward to your application!
