

Senior Controlling Specialist – IP & Inventory Management (m/f/d)

Senior Controlling Specialist – IP & Inventory Management (m/f/d)

Numbers Don't Lie But It Takes a True Expert to Tell Their Story

- ✓  **Duration:** 1 year (temporary assignment)
- ✓  **Location:** Switzerland
- ✓  **Employment Type:** Temporary

About Our Client

For our client, a globally operating life sciences company with a strong presence in Switzerland and Asia-Pacific, we are looking for a **Senior Controlling Specialist – IP & Inventory Management (m/f/d)**. The organisation is known for advancing medical innovation through state-of-the-art financial processes and a collaborative, international team culture with operations spanning multiple continents and a finance function that drives strategic decision-making at the highest level.

Your Responsibilities

- ✓ **Drive month-end closing activities** across Accounting Standards, Consolidation, Manufacturing, Transfer Pricing, Tax, and Cost of Sales & Inventory
- ✓ **Oversee inventory accuracy** at period-end in close collaboration with the Cost of Sales and Inventory team, ensuring reliable financial data
- ✓ **Manage statutory and tax ledgers** and prepare annual reports in line with Swiss GAAP and Singapore IFRS requirements
- ✓ **Ensure compliance with internal control standards** (S404), including documentation and continuous improvement of controls across Inventory, AtR, and OTC processes
- ✓ **Collaborate cross-functionally** with Commercial Finance, Supply Chain, Tax, Treasury, and Global Delivery Operations in Lisbon and Kuala Lumpur
- ✓ **Support Transfer Pricing** processes to ensure accurate profitability adjustments for the Inventory Hub
- ✓ **Participate in process automation and simplification projects**, contributing innovative solutions to enhance efficiency across the finance function
- ✓ **Coordinate with internal and external auditors** and manage account reconciliations using dedicated financial tools

Your Profile

- ✓ **Master's or Bachelor's degree** in Finance, Accounting, or a related field, combined with **at least 8 years of relevant experience** in corporate accounting and/or finance

- ✓ **Deep expertise in US GAAP and Swiss GAAP**, with a proven track record of applying these standards with precision and integrity
- ✓ **Hands-on experience with SAP S/4 HANA** and advanced proficiency in Excel; knowledge of Power BI is a plus
- ✓ **Excellent communication skills in English** (written and spoken); the ability to present complex financial topics clearly to senior stakeholders
- ✓ **Strong interpersonal and collaboration skills**, with the ability to work effectively across international, cross-functional teams
- ✓ **Proactive, solution-oriented mindset** with the ability to operate independently and manage competing priorities
- ✓ **High ethical standards** and a stakeholder-focused, resilient approach to delivering results
