

Qualification & Validation Engineer (m/w/d)

Qualification & Validation Engineer (m/w/d)

Shape the Future of Pharmaceutical Quality (m/w/d)

- ✓ Assignment period: 01.12.2026 – 30.11.2027
- ✓ Location: Schachen (LU)
- ✓ Employment type: Temporary placement

For our client, a globally active pharmaceutical company running a high-tech development site in the Lucerne region, we are looking for a **Qualification & Validation Engineer (m/w/d)** who thrives under strict GMP standards.

Your tasks

- ✓ Own **qualification and validation** projects for lab instruments, equipment, clean rooms, utilities and facilities
- ✓ Draft, review and execute validation documents such as protocols, reports and risk assessments
- ✓ Oversee **computer system validation (CSV)** across manufacturing and quality areas
- ✓ Ensure compliance with **cGMP** guidelines and regulatory expectations
- ✓ Liaise with Production, Quality Control and Engineering on validation topics
- ✓ Support internal and external audits and inspections
- ✓ Review GMP documents incl. deviations, CAPAs and change controls

Your profile

- ✓ Degree in engineering, pharmacy, chemistry, biotechnology, microbiology or related field
- ✓ 5+ years of hands-on experience in **qualification and validation**, incl. CSV
- ✓ Solid grasp of **GMP/cGMP** principles and regulatory expectations
- ✓ Analytical mindset with strong documentation and problem-solving skills
- ✓ Comfortable working independently and in cross-functional teams
- ✓ Fluent in English and German (min. B1)
- ✓ Familiarity with GAMP5, Annex 11/15 and data integrity is a plus

What nemensis offers you

- ✓ Nemensis AG is your specialised recruitment partner for Life Sciences, based in Basel
- ✓ Comprehensive guidance and support throughout the application process provided by our consultants
- ✓ Access to a broad network of clients and exciting positions across north-western Switzerland
- ✓ Fast and straightforward onboarding thanks to individual coaching and advice during the application process
