Senior Automation Engineer (m/f/d)

Senior Automation Engineer (m/f/d)

Shape the Future of Biologics Manufacturing as a Senior Automation Engineer (m/f/d)

- ✓ **Assignment period:** 01.12.2026 – 30.11.2027
- ✓ **Location:** Schachen (LU)
- ✓ **Employment type:** Temporary placement via nemensis ag

For our client, an internationally active **biopharmaceutical company** based in the canton of Lucerne, we are looking for a **Senior Automation Engineer (m/f/d)**. The company develops and manufactures innovative **biologics** for early-stage clinical supply in a state-of-the-art, multi-product facility and is recognized as a Top Employer in Switzerland and Europe.

Your responsibilities

- ✓ Act as the go-to specialist for **automation and control strategies** (DCS, MES, SCADA) across several manufacturing systems, keeping operations **GMP-compliant**
- ✓ Troubleshoot complex equipment and automation issues to boost performance and support new product introductions
- ✓ Drive the **transfer of process technologies** from early development into GMP-ready operations
- ✓ Introduce innovative technologies, software and instrumentation to simplify manufacturing workflows
- ✓ Lead investigations into deviations and implement effective corrective actions
- ✓ Support qualification activities by writing, reviewing and executing test documentation
- ✓ Collaborate with Operations, Quality and Validation teams, and contribute to digital transformation projects

What you bring

- ✓ Degree in a life-science or engineering discipline, or at least **5 years** of hands-on experience in automation controls
- ✓ Minimum **3 years' experience** in automation or engineering within biologics, pharma, food or medical device manufacturing
- ✓ Solid knowledge of computer system validation and change-control procedures such as **GAMP 5**
- ✓ Hands-on experience with **DeltaV batch design** based on ISA S88/S95 standards
- ✓ Practical knowledge of **DeltaV control strategy** and recipe configuration for process equipment
- ✓ Familiarity with **DCS, MES** and historian platforms; I/O networking protocols (Ethernet/IP, OPC, Profinet, Modbus) are a plus
- ✓ Strong command of **English (C1 level)**, written and spoken

What nemensis offers you

- ✓ Nemensis AG is your specialized personnel recruitment partner for the Life Sciences sector, based in Basel
- ✓ Comprehensive guidance and support throughout the application process provided by our consultants
- ✓ Access to an extensive client network and exciting positions across north-western Switzerland
- ✓ Fast and straightforward entry thanks to individual guidance and advice during the application process
